

OnCue[®] Plus

QUICK START GUIDE

Welcome to OnCue® Plus.
We'd like to show you around.

With OnCue Plus remote monitoring, you can manage your generator from anywhere in the world. And this easy guide will show you how to get started.

Step 1: **Download the App**

First things first: visit the Apple® App StoreSM or Google PlayTM, and search “KOHLER OnCue Plus.” Then download the OnCue Plus app to your mobile device.

Step 2: Create an Account or Log In

When you open your app, you'll be asked for a username and password. If you already created an account, you can log in now. If you need to create an account, tap the "Create Account" link. Fill out the info, then we'll send you an email to activate your account.

Once your account is activated, log in to the OnCue® Plus app.

A screenshot of the KOHLER Generators OnCue Plus app's login screen. The background is dark blue. At the top, the status bar shows signal strength, Wi-Fi, time (3:52 PM), and battery (97%). The app logo "KOHLER Generators OnCue Plus" is centered in white. Below the logo are two white input fields for "Username" and "Password". Under the password field is a checkbox labeled "SAVE USERNAME" which is checked. A green "LOG IN" button is centered below the checkbox. At the bottom, the text "Forgot Password | Create Account" is displayed in white.

Step 3: Add Your Generator

Once you're in the app, the first thing you need to do is add your generator. See below.

First tap the menu icon in the top left.

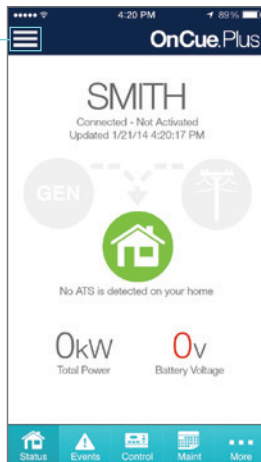

Then tap the "ADD NEW GENERATOR" button, and follow the instructions. You'll need your generator's serial number and OnCue® Plus password.

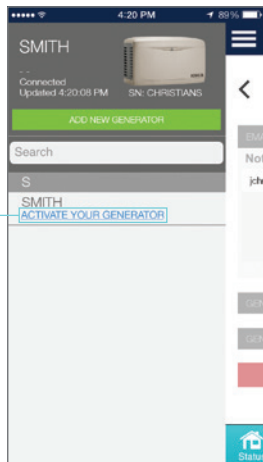

Step 4: Activate Your Generator

Now that your generator is added, there's only one thing left: activate your Generator. Then you're ready to use OnCue® Plus.

First tap the menu icon in the top left.

Find your generator, tap the "ACTIVATE YOUR GENERATOR" link and follow the instructions.

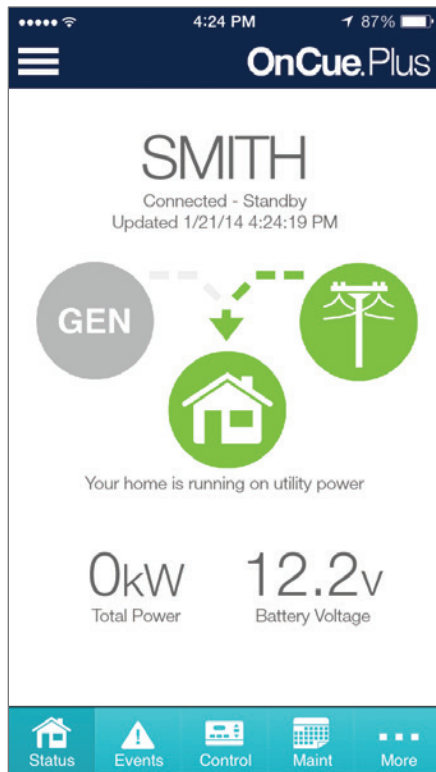

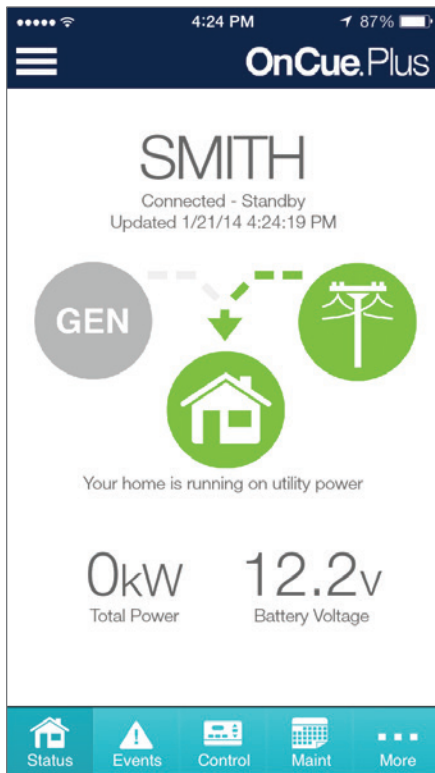

CONGRATULATIONS!

You're ready to start OnCue® Plus. Enjoy.

How to Use OnCue® Plus.

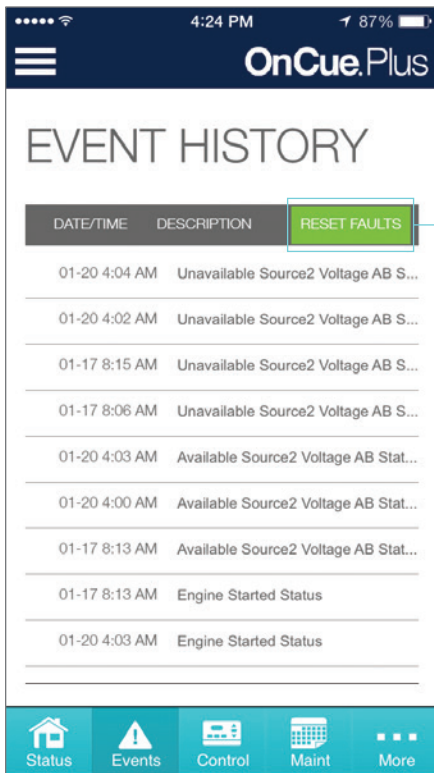

Along the bottom of your screen is your navigation bar. This is where you'll find everything you need to know about your generator.

Status

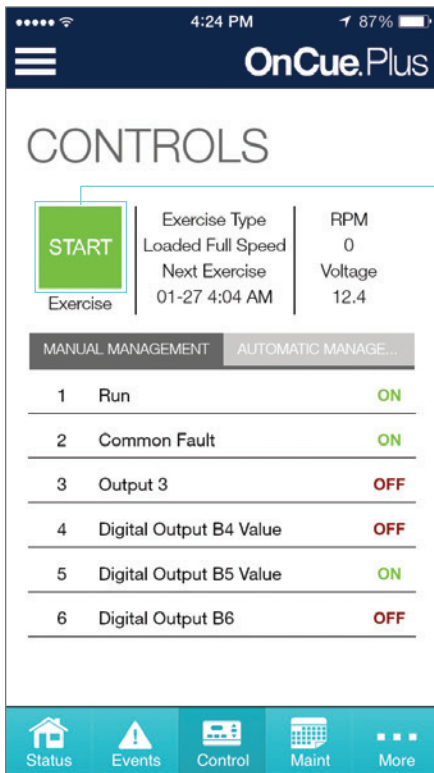

Status is the default screen when you open OnCue® Plus. The power icons in the middle of this screen indicate where your power is coming from: the utility or your generator.

Events

This page gives you a detailed list of the events your generator has experienced, including exercises, faults and warnings. It keeps you up to date on the health of your generator. And the best part: OnCue® Plus can send you an email if there's ever a problem.

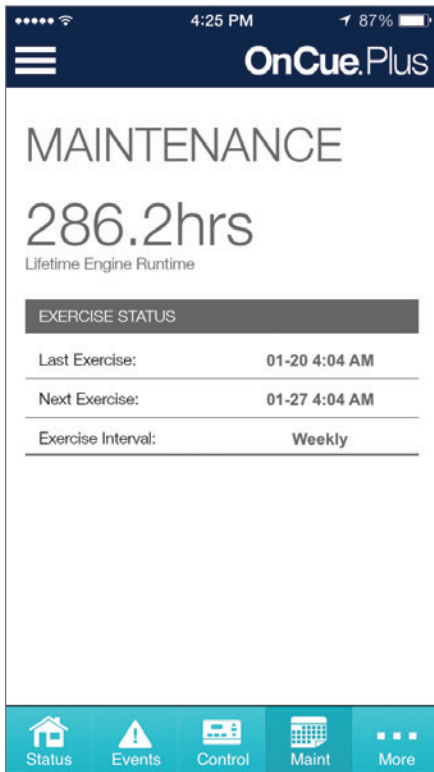

- Manually reset faults that aren't critical.

Controls

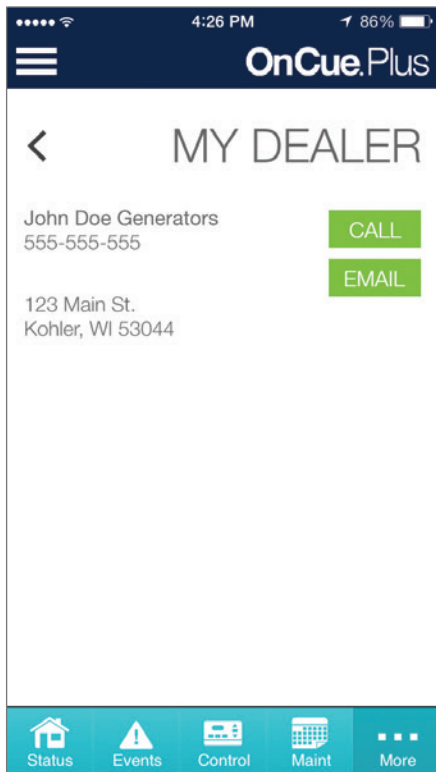

On the Controls page, you can perform additional exercises remotely without affecting your weekly scheduled exercise. Turn on/off specific electronic appliances or rooms (available only when paired with Programmable Interface Module). And watch your generator automatically manage your power (available only when paired with Load Control Module).

- Perform additional exercises remotely without affecting your weekly scheduled exercise.

Maintenance

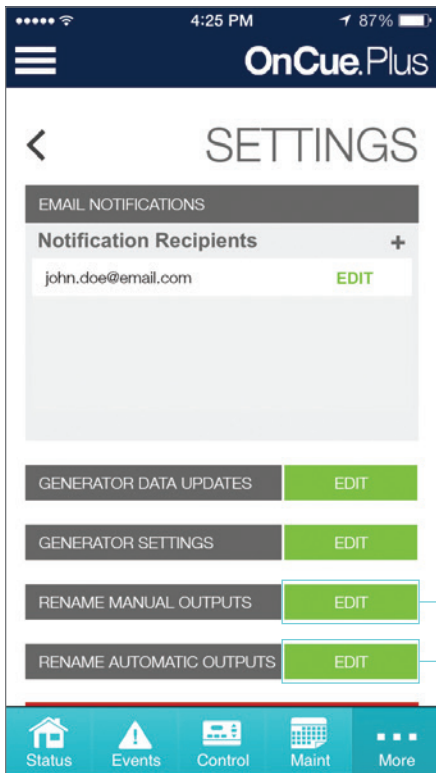

Here, you'll be able to keep track of your generator's exercise schedule. So it's always running in top condition.

Dealer

Have a question or want to set up a service appointment? Your personal KOHLER dealer is just a tap away.

Your KOHLER dealer will set up this page during the OnCue® Plus installation.

Settings

Manage your email notification list. Change the labels of your power outputs. Edit your generator settings and more. All right here.

Personalize the names of your outputs (available with PIM and/or LCM options).
